MISSION STATEMENT

The Youngsville Borough Police Department seeks to only employ the finest, bravest, and most competent men and women who possess outstanding character, integrity, values and morals. Our expectations are to preserve public safety and quality of life while officers continuously aim to protect those who cannot protect themselves, and at the same time overseeing borough residents and visitors to our community.

We require professionalism at all times while upholding our Oath to the United States and Pennsylvania Constitution, Pennsylvania Statutes and Borough ordinances. Additionally, we aspire to educate and be role models for our area youth. While responding effectively to the ever changing needs of our community we serve and promote mutual respect between our agency and the people we serve. We are committed to building public trust and solving problems before our citizens know they exist.

Todd P. Mineweaer, Chief of Police
